All I want for Christmas is my two front teeth

Savannah's 2nd top front tooth has been loose for a while. Tonight she came to me and said it HAD to come out NOW. So she loosened it and then I did the final pull. She couldn't believe it was out. That makes 5 teeth she has lost.

Something kinda funny... Our next door neighbor called me a couple of days ago and he said both of his top front teeth broke off and he has no front teeth. He has an appointment at the dentist on January 4th to get some caps.

I am going to take a picture of the both of them with their missing front teeth! LOL!
