Johnny Appleseed

For the past couple of weeks Savannah has been learing about the color red and apples. Today her Kindergarten and the 1st grade had a school activity called Johnny Appleseed. The parents were invited to join the students.

Cliff took Savannah to school and participated with her at the Johnny Appleseed workshop. I had to turn in 2 apples the day before which was to be used for the Johnny Appleseed event.

The kids got to cut apples and eat all different sorts of apples, eat apple muffins, drink apple juice and learn about the subject of apples. Cliff really enjoyed his time with Savannah today.
