Triplets 4 year dr's appointment

The triplets met with Dr. Gonzalez. She said they are all healthy and doing great. They passed their eye and hearing tests.

Miranda weighs 37-1/2 pounds and is 38-1/2 inches tall

Amanda weights 34-1/2 pounds and is 38 inches tall

Maryssa weighs 30-1/2 pounds and is 36 inches tall

The dr. recommended they could get all of their Kindy 5 year shots at this appt that way I only have to worry about the TB Test when they go to Kindy. So I told her to go ahead. I had no idea that they would be getting 5 shots each! My poor babies. I didn't bring the immunization cards because I didn't think that they would be getting shots today. I will bring the immunization cards in sometime next week for them to update their shot records.

On a better note, Corrie and her kiddos came over for a play date. We decorated cupcakes and had a blast!
