In memory of the fallen victimes of 9/11 we shall never forget!!

Today at 9am we had a moment of silence which is really hard to do at my house...LOL!

Then I baked some cookies and a huge cookie the size of a pizza and made some homemade Reese's Peanut butter squares for our local La Habra Heights Firemen. We will be visiting the fire station and getting a full tour next Tuesday.

To our loved ones and fellow brothers and sisters who were fallen victims of 9/11/01. Eight years ago it was Hell on Earth in the United States of America. We shall never forget what happened to our homeland. You are not forgotten and you are especially remembered by all of us today.

With love, respect and courage....
