Montebello Barnyard

I planned and organized a fun day for the La Habra Moms Club at the Montebello Barnyard. It is located adjacent to a park. I picked up a pizza at Little Ceasars Pizza for the girls to eat for lunch in the park after we visited the Montebello Barnyard.

The girls each got to take a long pony ride. They really had a great time. The ponies actually walked on a path and had a team leader guiding the ponies. I was so impressed!!

Then we got to have a fun train ride and get a tour of the property and see all of the beautiful animals.

Afterwards we all got to meet, greet and pet all of the animals. There was even a bull there!! They had huge pens for peacocks and even had a white albino peacock!! They had a bunny pen and the girls just loved looking at the bunnies.

They had a really nice water hold for turtles and fish. It was so clean and crystal clear. This place really kept the animals quarters clean and tidy.

It was so much fun!!

We ventured over to the adjacent park and playground where we had our pizza and I also brought Christmas cookies and candy canes as a surprise for the girls. They played on the playground for a long time.

It was so much fun!!
