Swimming pools in April??!!

Well the past few days have been scorchers. We broke records here. Check out how hot we were:
Sat 4/18 - 80 degrees F
Sun 4/19 - 98 degrees F
Mon 4/20 - 101 degrees F
Tues 4/22 - 92 degrees F
Today Wed 4/23 - comfortable 75 degrees with nice breeze

Thank goodness for the weather report!! On Saturday I went to Target and bought the girls a nice sized swimming pool to play in, with the anticipation for the heat wave that we endured. They girls swam in it on Monday and we had a play date yesterday and they played in the pool all day. They had a blast.

So I guess I need to start putting away the turtle necks and go through their winter clothes to see what I can put away for Maryssa and give the rest away. Time to start getting out the spring and summer clothes!! Rearranging their clothes is a lot of work!!
