Date night at a Christmas party!

Tonight Cliff picked up Nanny Feli to watch the girls and she spent the night. Cliff and I have a date night!! It was Numatic Engineering's Christmas party in Van Nuys.

It was pouring tonight and made it stressful for our drive up to Van Nuys. We were greeted by all of Cliff's colleagues. There was a professional photographer there and we got a nice portait done for Cliff and I.

They served us Filet Minon for dinner. Cliff was presented with his 20th anniversary gift with Numatic - a very nice Army Swiss watch. He was so proud and I am so proud of him too. Congradulations honey!!
