Easter parties for everyone!

Today the triplets had their first Easter party at Preschool. I made cute butterfly snacks that were little goodie bags filled with Fruit Loops with a clothes clip in the middle to make the butterfly. I also made cute boo boo bunnies made out of white wash cloths. I boiled a dozen eggs because they were going to decorate and dye eggs today!

Mrs. Darling had made everyone the most precious Easter baskets. The kids got a glimpse of Easter bunny tracks that were on the playground! They thought that was so cool!

I went to Savannah's class and brought all of her classroom boo boo bunnies. The kids were thrilled. I spent some time with Savannah in her classroom today and she enjoyed having me there so much. I really enjoyed myself too. I helped her decorate her Easter Bunny art project.
