## **Happy 3rd Birthday Amanda, Miranda Maryssa and Happy 51st Birthday to Darling Daddy Cliff**

I can't believe my babies are now 3!! Where did the time go? It was just yesterday that they were needing me so much more than today. (((sigh)))

Cliff is still in Arkansas on business, but he managed to fly in for 24 hours to be us and celebrate birthdays today.

So where is the best place to celebrate their birthday? How about DISNEYLAND!!!

All of us went to the Happiest Place on Earth. We celebrated at Ariel's Grotto where we had a delicious gourmet lunch and the girls got to meet and greet with all of the Disney Princesses. They got cute treasure boxes filled with fun trinkets and a special birthday cake. It was so much fun.

We ended Disneyland in the evening watching Fantasmic and then the spectacular Fire Works Show. We had to head out by 10:30pm to drive Cliff back to the airport by 11:30 so he could get on his 1:00am flight back to Arkansas.

God Bless you Cliff for giving me the BEST and most LOVING gift ever...our precious little girls. My gift to you for your birthday 3 years ago was giving birth to you precious baby girls.

Happy Birthday to each of you. I love you with all of my heart and I will love you Forever and Ever....
