Happy 6th Birthday to my first born Savannah!!

I can clearly remember 6 years ago today, giving birth to my miracle baby - my first born daughter. I remember her little cry, and I cried along with her. I was in awe when I first saw her.

I can't believe 6 whole years have gone by!! Savannah keeps getting more beautiful and more smart every day. She continues to amaze me as she learns to read, be more involved in the world around her, and develop in to a wonderful little girl.

Happy Birthday to my darling first born daughter Savannah. I love you so much!! xoxoxoxo
