## Happy Christmas Eve

Today we just enjoyed hanging out at home. We ordered in for Lascari's which is a real treat for us. It was a nice cozy day for us.

Lately the girls have been showing a lot of interest and enjoy playing network computer games on Toontown on Disney.com They play on one computer so it has been very challenging giving each girl a turn.

Cliff and I surprised the girls today. Cliff had a side job and for payment he received 4 used laptops for the girls. We bought 2 long narrow tables and Cliff shortened the legs to make it perfect for their height and we got them cute little chairs with monkeys on them. We surprised the girls and presented them with their own laptops and computer station.

The girls are computerized and they play very well together. Savannah helps them if they get stuck. We are going to get Amanda a new wheel mouse so she can use her right lucky thumb to use the mouse with a rolling wheel. There is no doubt that our computerized children are Cliff's little girls!! LOL!!
