Happy Memorial Day!

Thank you to all of those that fought for our freedom in our beloved country. I honor you today.

Today Savannah is out of school and I was planning on taking the girls to Adventure City. I came down with a bladder infection...pain!! So we didn't get to go to Adventure City.

So I took the girls and we got in at Urgent Care at 1:45pm. We met with the dr. and she gave me a prescription to clear up the bladder infection. Whew!!
