Off to Magic Forest...again

This is our 3rd year going to Magic Forest in lake George. This year the triplets were able to go on all of the rides!!

It was hotter than a dickens though. I think it was 105 on the ground...whew!

The first ride we went on was the scrambler and it was super fast. More for adults in my opinion. Poor Amanda banged her head on the ride and had a little goose egg.

We got the girls cute Pinocchio hats and they each picked out a toy from the gift shop on our way out of the park.
