Preschool love

Today was the triplets very first Valentine's party at their preschool. Their teacher made really cute valentine's baskets with a love bug and a picture of each student. They were brilliantly constructed out of cereal boxes. Really, really cute! These were used for the Valentine's exchange.

I brought heart shaped valentine's cupcakes. They had all sorts of yummy goodies today at their party.

The triplets had to each bring their own Valentine's for every student...that made 30 in all!! They wanted Pet Shop Valentine's. The triplets gave out goodie bags with coloring books, crayons, candy and toys.

They had a blast!! I took lots of pictures. They wore cute pink tutu dresses with diamond sparkles. They looked beautiful!
