Savannah bowled a 76 and won the game!!

I took Savannah bowling today at La Habra Bowl 300 Bowling Alley. They had a free 2 hour bowling session for the kids to efforts to try to gain interest for yough bowling leagues.

Each lane had 3 bowlers. They had coaches helping all of the kids learn how to throw the ball. The lightest ball was too heavy for Savannah so she crouched down and pushed the ball.

The first game she came in 2nd with a score of 67. The 2nd game she was the winner and bowled a 76!!

She was tuckered out after the 2nd game. It was a lot of fun seeing her get so excited as she was able to get some pins.

I am going to start taking her every Saturday and if she really enjoys it I will be enrolling her into a youth bowling league. It is $4 a week and includes 2 games of bowling and a snack in between games. They also said if the triplets can hae enough attention span, they would be able to bowl and join the league too. So I will be bringing the triplets along with Savannah next Saturday!!
