Savannah was so excited that the Tooth Fairy came this morning!!

Savannah woke up this morning and immediately showed her sisters the hole in her mouth where her tooth had been. She then wanted to show her sisters her tooth that she pulled out last night. She came to my room to look in the special box for her tooth and it wasn't there!!

I told her, "remember, we put the tooth box under your pillow last night". She quickly recalled and ran to look under her pillow. She was thrilled and shocked that the Tooth Fairy had come and left her a little sachel with a tooth-shaped porcelain box. She opened it and inside was a dollar! She was so excited she couldn't believe her eyes.

Savannah asked where her tooth was. I told her the Tooth Fairy took it to Tooth Fairy Land.
