## **Savannah's dentist check up and FISH!**

Savannah was the perfect patient at her dental check up and cleaning. I am thrilled to report that they don't see any cavities - yay! She picked a dinosaur out of the toy box.

Savannah's 2 upper front teeth are really coming in now. her bottom teeth are all in. Her incisors still have not come in yet.

Then we headed out to the San Pedro Cabrillo Aquarium and met up with a bunch of our friends with the La Habra Moms Club. We had a picnic lunch at the park on the beach then at 1pm we all went to the aquarium. Everyone had a lot of fun at the aquarium. After a few hours we went back to play on the playground and then I took the girls on a nice long walk along the water on the beach.

At 5pm we went to Ron's and I made everyone spaghetti and meatballs for dinner.

It was a great day!
