## **Special People Day**

Today the triplet's preschool is celebrating Grandparents Day and Special People Day.

We invited our next door neighbor, Sid, and his daughter, Janice who is visiting him for a couple of months who lives in Toronto Canada as well as London.

All of the preschoolers made special crowns for their visitors and also made cookies. It was such a fun and sweet event. One of the grandparents read a story to the children. All of the children gave their special guests a tour of their preschool room and playground.

Each special person got a keepsake portrait done with the preschooler. It was just a precious day!!
