## **There will be a newspaper article about us in the La Habra Star!!**

I am so excited. A friend of mine who was Amanda's Occupational Therapist invited Columnist NewieSuzie of the La Habra Star to our Mother & Daughter Tea.

Apparantly Ms. Suzie enjoys having tea luncheons at tea rooms so that is why Deborah invited her. Deborah also knows that I am always trying to promote the MMM Club and the La Habra moms club and gain interest for new members.

So with this in mind, it gave me a wonderful opportunity to give a little exposure to our Multiple Miracle Moms Club as well as my La Habra Moms Club in the newspaper article.

I had an interview with SuzeNewzie of the La Habra Star on Sunday and again this week. She is doing an article about our family and the different organizations that I support and am involved in. She is also including pictures. It will appear in next Thursdays edition of the La Habra Star.

Here is what the article will say:

La Habra

Renown Baby specialist Dr.Benjamin Spock (now deceased) said in his famous books, "When a mom has twins "Get help" Wonder what he would have said to Kimber and her husband, Clifford Jones, who have two year old triplets, Amanda, Maryssa, and Miranda, born on Daddy Cliff's birthday, and a 5 year old girl, Savannah, born on the 6th anniversary of Cliff and Kimber's 1st date. One of the triplets, Amanda, was born with club radial hand and she is a true miracle in the making!

Kimber learned from the Multiple Mom's Club of Orange County (MMM) to dress the triplets and big sister in like bright colors so if one was missing out in the park, she would immediately know which one was gone. Savannah likes to dress like the triplets, too. All their clothes are color coordinated.

The busy La Habra mom, who often finds her girls have crawled in bed together, is vice president of the La Habra Mom's Club. They have Monday through Friday outings and play days with 30 club moms Monday through Friday. She said they are always looking for new members so contact her by e-mail at [KJones@TheJonesGirls.com](mailto:KJones@TheJonesGirls.com)

Kimber also belongs to an online Radial Club Hand Support Group located on the Yahoo Group pages.

Kimber says "If you think my hands are full, you should see my heart."

I am a proud mommy today!! Woo hoo!!
