We made homemade caramel popcorn today

I found the EASIST recipe to make caramel popcorn. Use 1 cup of brown sugar and melt in pan with 1 cup of sugar. Drizzle over popcorn and mix. Then make popcorn balls or just serve as is.

I had some friends and their kids over from my La Habra Moms Club and we all made this in my kitchen. It was so much fun and tasted so GOOD!!! YUM!!

We also melted caramels and made caramel apples. Double YUM!!

There is nothing better than caramel popcorn during Halloween time!
