## **World of Color at California Adventure**

California Adventure Disneyland opened up an amazing water light show 10 days ago. Today we spent the day there and then saw the show at 10:15pm tonight. Feli joined us today.

We waited in line for 45 minutes to get fast passes in the morning. This gave us Priority Seating for a good view.

During the day we saw the theatrical performance Aladdin. The show will be ending at the end of August and a new performance will begin in the late fall or by December. It was spectacular and the Genie was so funny!

Then we went to see Nemo & Crush interactive show. Maryssa especially enjoyed this show!

After that, we went to Play House Disney. Feli had just as much fun as the girls did!!

We had gotten Fast Passes for the ride Soaring. Maryssa was too short, so Feli stayed with Maryssa and got her cotton candy while I took the other girls on Soaring. They went crazy and LOVED it!! It is a truly amazing experience.

At 5:15 we grabbed a spot to watch the Pixar Parade while getting a bite to eat. It was fun and relaxing. The characters squirted water on us!!

Then we went to It's A Bug's Life Land and rode some rides and watched a 3D movie there.

We did a little shopping and I got the girls Fantasmic Micky Ears and a few other things.

At 9pm we jumped in line to wait to get our spot to watch World of Color. One of the Cast Members told me that over 25,000 people a day were watching the show!! That is amazing!!

The show was spectacular. We weren't expecting to get as wet as we did. Thank goodness I had brought blankets to cover up the girls to protect them from getting wet and to keep them warm. They stayed pretty dry but I got pretty wet.
