## **Yet ANOTHER birthday party for the triplets!!**

The preschool likes to celebrate the summer birthdays in September so the kids can experience a birthday party even though their real birthday is in the summer. I think that is the BEST idea.

So last night I baked and decorated cupcakes and also made a big birthday cake for the triplets to blow out the candle.

They wore cute birthday crowns and everyone sang happy birthday to them. All of their little preschool friends got a neat goodie bag of Littlest Pet shop coloring book and a folder to decorate with Littlest Pet shop stickers.
